Curriculum

Arlindo Bernardo Paulo Nhabomba (Master's in Information Management, specialization in Information Systems and Technologies Management, PhD candidate in Information Sciences and Technologies) is a professor of computer networks at the Institute of Technical Education in Lisbon.

Arlindo is a Network Administrator but also carries out studies in statistical data analysis.

He has published articles in the field of enterprise architecture (Concepção de Arquitectura de Sistemas de Informação para o Instituto Nacional de Estatística de Moçambique, 11th International Conference on Information Technology and Systems Iberica 2016; Framework de Arquitetura de Sistemas de Informação para as Organizações Nacionais de Estatísticas Oficiais, 16th International Conference on Information Technology and Systems Iberica 2021; Reference Framework for the Enterprise Architecture for National Organisations for Official Statistics: Literature Review, 16th International Conference on Information Technology and Applications - ICITA - 2022).

Arlindo Nhabomba worked as a Network Administrator at INE Mozambique for 9 years and as a university lecturer for 7 years. As Network Administrator he was responsible for INE's technological infrastructure for the 4th population and housing census and led a team to draw up INE's strategic plan for the IT area.
