Curriculum

Assistant Professor at ISCTE-IUL, Executive Director of the Executive Master's in Program and Project Management at ISCTE Executive Education, and CEO and founder of Winning Scientific Management. Passionate about the evolution of professional management, he has dedicated his career to supporting organizations in reinventing their business models, finding elegant solutions to complex problems with a focus on value creation and predictable results.

With a degree in Computer Engineering and Telematics from the University of Aveiro and a PhD in Business Administration and Management from ISCTE, he has combined management consulting with academia. At Winning, he leads teams and strategic and digital transformation projects in sectors such as banking, insurance, healthcare, transportation, logistics, retail, construction, and telecommunications. Using international benchmark methodologies in Strategy, Benefits, Portfolios, PMOs, Programs, and Projects, he ensures that each transformation translates into technical innovation, quality of execution, and sustainable impact.

As an academic and trainer, he has over 10,000 hours of teaching and experience in designing hundreds of benchmark courses in Strategy, Business Cases, Business Analysis, Project Management, and Cost Management, having prepared several hundred candidates for PMI® international certifications. Holder of a certificate of pedagogical aptitude (CAP), he seeks to continuously bring professional practice closer to academic research.

He is certified as a PMP® (Project Management Professional) by PMI®, MCP (Microsoft Certified Professional: Managing Projects) by Microsoft, ITIL by EXIN, and MCI (Management Consulting Institute). Throughout his career, he has served as Vice President of PMI Portugal (2015–2018), mentor to professionals at different stages of their careers, and guest speaker at various national and international management events.
