Curriculum

José Reis holds a PhD in Information Science and Technology by Iscte-IUL.

Master's degree in Computer Engineering at the Universidade Nova de Lisboa – Faculdade de Ciências e Tecnologias (UNL - FCT), and Bachelor's degree in electrotechnical engineering (Systems and Communications) at the Instituto Superior de Engenharia de Lisboa.

At present, I am working in software engineering, specifically in software quality.

I am a professor in the scientific area of computer Science, teaching subjects such as, software engineering, decision support systems, project management, information systems, etc.

It was Quality Coordinator and Audit at Universidade Europeia - Laureate International Universities and Deputy direction at Instituto Superior de Línguas e Administração de Lisboa. I collaborated with several companies, such as Conhecer Mais II- Consultoria em Tecnologias de Informação, Lda (this company is Business Solution Partner of Microsoft Business Solutions to market education and training in Portugal in developing ERP solutions), ITCODE (development the Zib - An addictive stock market game online learning), DBG (development of school management software), ENSINUS (coordinator of Information Technology Center), INSA-Instituto Nacional de Saúde Dr. Ricardo Jorge (coordinator facilities Office and Equipment), ATEC - Training Academy (Consultant / Trainer).
