### Curriculum

With interdisciplinary background from MA in International Development to PhD in Psychology, Dr. Minh Thu Nguyen is pursuing her research interest in Critical Environmental Psychology. After having successfully defended her doctoral thesis titled "Representing energy citizenship in Positive Energy Districts: A socio-psychological analysis", Minh Thu is working as post-doc researcher in COPPER project, where she uses qualitative research skills to explore how citizens in local communities of European cities self-organise peer-to-peer energy support system and information platforms for more just and inclusive Positive Energy Districts.

### Research Interests

Energy citizenship
